## FLEXIBLE SPENDING ACCOUNT (FSA)

This plan allows employees to pay for certain expenses using pre-tax dollars. Employees deduct monies from their paycheck before federal, state, Social Security and Medicare taxes are calculated. The monies are withheld from each paycheck in equal installments and reimbursed once an employee shows proof that the service was rendered. Expenses that qualify for reimbursement are Dependent Care and Medical Reimbursement (maximum \$2750/yr). Our Flexible Spending Account is administered through Diversified Benefit Services.

## HEALTH SAVINGS ACCOUNT (HSA)

Employees that enroll in the Option 2 High Deductible Health Plan (HDHP) can set up a Health Savings Account (HSA). This is a tax-favored account that can be used for current and future medical expenses. A health savings account can be funded with your tax-exempt dollars, by your employer, to help pay for eligible medical expenses not covered by an insurance plan, including the deductible, and coinsurance. Our Health Savings Account is administered by Optum Bank with United Healthcare.
